Terms and Conditions of the campaign "€100 discount on a device purchase when joining a Mobile Life internet plan with at least 8GB"

Telia Eesti AS (hereinafter Telia) is organizing a marketing campaign called "€100 discount on a device purchase when joining a Mobile Life internet plan with at least 8GB" (Campaign) from 03.11.2026-06.01.2027 (Campaign Period).

1. The Campaign offer is valid while discount codes last.
2. The Campaign is open to individuals who join a Mobile Life internet plan with at least 8GB during the Campaign Period.
3. The discount can also be used when adding a new subscription with a Mobile Life call plan to an existing Shareable Mobile Life group with at least 8GB.
4. Using the Campaign offer involves a 12-month fixed-term obligation to use the mobile service plan specified in these Terms and Conditions. If, during this period, the internet allowance is downgraded, the plan is changed, the number is transferred to another customer, or the contract is terminated early, compensation according to the Price List (section 4.1.6.1) will apply (the remaining value of the discount received must be repaid).
5. Upon joining the Campaign, the Campaign participant can receive a 100 € discount when purchasing a device from Telia's e-store.
6. The Campaign participant can choose a device from the following product categories and use the discount code:
    - Smartphones
    - Refurbished smartphones
    - Smartwatches
    - Audio: headphones, speakers, soundbars
    - Game consoles
    - Laptops
    - Refurbished laptops
    - Tablets
    - Refurbished tablets
    - Desktop computers
    - TVs
7. The customer can use the discount code in Telia's e-store, and the discount will be deducted from the listed price of the device, the Telia customer price, or the promotional price, depending on which price applies to the device when the discount is redeemed.
8. To use the discount, a customer who meets the Campaign Terms and Conditions will receive a discount code, which they have the right to redeem within 30 days after the discount code is issued. After this period, the discount code expires.
9. Telia will not accept any subsequent claims related to failure to use the discount.
10. If the discount code has not been used within 30 days of being issued, the fixed-term obligation will be removed from the mobile phone number, and the number for which the fixed-term contract was concluded will once again be subject to an open-ended contract.
11. If the device being purchased is more expensive than the discount received, the customer pays the difference between the device price and the discount. If the device being purchased is cheaper than the discount received, Telia will not reimburse the difference. Example: If the customer uses a 100€ discount code and purchases a 50€ device, upon early termination of the contract they must repay the remaining discount amount calculated based on 100€, not 50€.
